*Dear VicPol,*

**Re: Why Does it Take so Long for the Police to Release Images and Descriptions of Person's Wanted?**

My Facebook page <https://www.facebook.com/Hayden-Bradford-Author-and-Concerned-Citizen-191659645074393/> posts all information from VicPol and Crime Stoppers in regards to crimes in Victoria and descriptions of people the Police seek in regards to those crimes.

On a number of occasions, I have noticed as have some followers of my page that the information released by the Police is months old. Why is that? Would it not be better to release the images and descriptions of alleged offenders immediately to the Public?

Yours Sincerely

Hayden Bradford
